

## INDEX

### A

AIDS in Denmark 1980-1984 .....	217
Amenorrhea. Hypothalamic-pituitary-gonadal function in insulin treated diabetic women with and without amenorrhea .....	139
Anaesthetics. Mutagenicity of inhalation anaesthetics studied by the sister chromatid exchange test in lymphocytes of patients and operating room personnel .....	159
Andersen, Karen Bay: <i>Se Jensen, Dorte Vendelbo</i> ..	178
Anti asthmatic effects and pharmacokinetics of Enprofylline - a new xanthine derivate .....	289
Anti-decubitus mattresses. Transcutaneous oxygen tension measurement over the sacrum on various anti-decubitus mattresses .....	330
Asthma. Inhaler use in children with asthma .....	234

### B

<i>Bendix, Tom</i> : Adjustment of the seated workplace - with special reference to heights and inclinations of seat and table .....	125
<i>Bitsch, Mikael</i> : Rubella in pregnant Danish women 1975-1984 .....	46
Bleeding in early pregnancy. Ultrasound studies of patients with bleeding in early pregnancy .....	250
<i>Bliddal, Henning</i> : The radioreceptor assay for TBII in the spectrum of thyroid stimulating immunoglobulins .....	83
Blood flow. Cutaneous and subcutaneous blood flow measurements in psoriasis .....	147
<i>Bohr, Vilhelm A.</i> : Preferential DNA repair in active genes .....	309
<i>Bredesen, Jesper</i> : <i>Se Hjortrup, Allan</i> .....	331
<i>Bülow, Steffen</i> : Familial polyposis coli .....	1

### C

Cancer. Five years experience with treatment of lung cancer .....	275
Cancer. Obesity and cancer. A review of epidemiological studies on the relationship of obesity to cancer of the colon, rectum, prostate, breast, ovaries, and endometrium .....	267
Cecum. Volvulus of the cecum .....	331

Childhood malignancy. Septicaemia in childhood malignancy .....	320
Children with asthma. Inhaler use in children with asthma .....	234
<i>Christensen, Jens Jørgen &amp; Bent Korner</i> : Salmonella infections of the urinary tract .....	265
<i>Christensen, Knud Stenild</i> : <i>Se Jakobsen, John</i> .....	330
Chronic lymphocytic leukaemia. <i>Rothia dentocariosa</i> septicaemia in a patient with chronic lymphocytic leukaemia and toxic granulocytopenia .....	322
<i>Clemensen, Søren Eigil</i> : <i>Se Vejlsted, Hans</i> .....	275
Coagulase-negative staphylococci and micrococci in clinical microbiology .....	96
Cutaneous and subcutaneous blood flow measurements in psoriasis .....	147

### D

Decubitus. Transcutaneous oxygen tension measurement over the sacrum on various anti-decubitus mattresses .....	330
Diabetic women. Hypothalamic-pituitary-gonadal function in insulin treated diabetic women with and without amenorrhea .....	139
Digoxin. Influence of physical activity on plasma digoxin in hospitalized patients .....	115
Dipstick BM-test-9. Detection of neutrophilocytes and NO <sub>2</sub> -producing bacteria in urine by dipstick BM-test-9 .....	182
<i>Djursing, Henning</i> : Hypothalamic-pituitary-gonadal function in insulin treated diabetic women with and without amenorrhea .....	139
DNA repair. Preferential DNA repair in active genes .....	309
Doctors, ethics, and torture .....	185
<i>Dupont, Annalise &amp; Minea Hammerich Thyssen</i> : Rett syndrome .....	334

### E

<i>Eliassen, Per</i> : Determinants of regional myocardial oxygen supply in the left ventricle .....	277
Enprofylline. Anti asthmatic effects and pharmacokinetics of Enprofylline - a new xanthine derivate .....	289
Epidemiology/AIDS. AIDS in Denmark 1980-1984 ..	217

Epidemiology/cancer. Obesity and cancer. A review of epidemiological studies on the relationship of obesity to cancer of the colon, rectum, prostate, breast, ovaries, and endometrium .....	267
<i>Espersen, Frank</i> : Interactions between human plasma proteins and cell wall components of <i>Staphylococcus aureus</i> .....	59
Ethics. Doctors, ethics, and torture .....	185

## F

Familial polyposis coli .....	1
Fetal haemodynamics before and after treatment of maternal hypertension in pregnancy .....	170
<i>Friis, Henrik</i> : Se <i>Perrild, Bjørn</i> .....	320
<i>Friis, Jørn</i> : Se <i>Hjortrup, Allan</i> .....	331

## G

<i>Gahrn-Hansen, Bente</i> : Coagulase-negative staphylococci and micrococci in clinical microbiology ..	96
Gastroplasty. Comparison of different types of gastroplasty in the treatment of 93 morbid obese patients .....	118
Genes. Preferential DNA repair in active genes .....	309
<i>Gerstoft, Jan</i> : AIDS in Denmark 1980-1984 .....	217
<i>Godtfredsen, John</i> : Se <i>Munck, Ole</i> .....	260
Goitre. Thyroid size and goitre frequency in hyperthyroidism .....	121
Granulocytopenia. <i>Rothia dentocariosa</i> septicaemia in a patient with chronic lymphocytic leukaemia and toxic granulocytopenia .....	322

## H

<i>Hansen, Jens E. Mølholm</i> : Se <i>Hegedüs, Laszlo</i> ....	121
<i>Hansen, Niels Ebbe</i> : Se <i>Pers, Charlotte</i> .....	322
<i>Hegedüs, Laszlo, Jens E. Mølholm Hansen, Dagmar Veiergang &amp; Steen Karstrup</i> : Thyroid size and goitre frequency in hyperthyroidism .....	121
Hippuran. The influence of ischemia on <sup>131</sup> I-Hippuran renograms performed after kidney transplantation and its prognostic value .....	52
Hippuran. The sensitivity and specificity of Hippuran renography as a diagnostic investigation of renal transplant rejection .....	50
<i>Hjortrup, Allan, Jørn Friis, Søren Merser &amp; Jesper Bredeesen</i> : Volvulus of the cecum .....	331
<i>Holst, Kirsten</i> : The unborn and the newborn child ..	173
<i>Husum, Bent</i> : Mutagenicity of inhalation anaesthetics studied by the sister chromatid exchange test in lymphocytes of patients and operating room personnel .....	159
Hypertension. Fetal haemodynamics before and after treatment of maternal hypertension in pregnancy .....	170
Hyperthyroidism. Thyroid size and goitre frequency in hyperthyroidism .....	121
Hypothalamic-pituitary-gonadal function in insulin treated diabetic women with and without amenorrhea .....	139

## I

Immunoglobulins. The radioreceptor assay for TBII in the spectrum of thyroid stimulating immunoglobulins .....	83
Immunology/AIDS. AIDS in Denmark 1980-1984 ..	217

Inhalation anaesthetics. Mutagenicity of inhalation anaesthetics studied by the sister chromatid exchange test in lymphocytes of patients and operating room personnel .....	159
Inhaler use in children with asthma .....	234
Insulin treated women. Hypothalamic-pituitary-gonadal function in insulin treated diabetic women with and without amenorrhea .....	139
Interactions between human plasma proteins and cell wall components of <i>Staphylococcus aureus</i> ....	59
Ischemia. The influence of ischemia on <sup>131</sup> I-Hippuran renograms performed after kidney transplantation and its prognostic value .....	52

## J

<i>Jakobsen, Henrik</i> : Se <i>Kromann-Andersen, Bjarne</i> ..	182
<i>Jakobsen, John &amp; Knud Stenild Christensen</i> : Transcutaneous oxygen tension measurement over the sacrum on various anti-decubitus mattresses ...	330
<i>Jensen, Dorte Vendelbo, Karen Bay Andersen &amp; Gorm Wagner</i> : Prostaglandins in the menstrual cycle of women .....	178
<i>Joffe, Preben &amp; Arne Cyron Johannessen</i> : Uraemic pericarditis, an epidemic disease? .....	117
<i>Johannessen, Arne Cyron</i> : Se <i>Joffe, Preben</i> .....	117
<i>Jønsson, Viggo</i> : Se <i>Pers, Charlotte</i> .....	322
<i>Jørgensen, J.-I. Dahlager &amp; Jørgen Ladefoged</i> : The influence of ischemia on <sup>131</sup> I-Hippuran renograms performed after kidney transplantation and its prognostic value .....	52
<i>Jørgensen, J.-I. Dahlager &amp; Jørgen Ladefoged</i> : The sensitivity and specificity of Hippuran renography as a diagnostic investigation of renal transplant rejection .....	50

## K

<i>Karstrup, Steen</i> : Se <i>Hegedüs, Laszlo</i> .....	121
<i>Kelbæk, Henning</i> : Se <i>Munck, Ole</i> .....	260
Kidney transplantation. The influence of ischemia on <sup>131</sup> I-Hippuran renograms performed after kidney transplantation and its prognostic value .....	52
Kinesiology of the knee joint .....	297
<i>Kjeldsen, Keld</i> : Regulation of the concentration of <sup>3</sup> H-ouabain binding sites in mammalian skeletal muscle .....	15
<i>Klemp, Per</i> : Cutaneous and subcutaneous blood flow measurements in psoriasis .....	147
<i>Klitgaard, Niels Anders</i> : Se <i>Laursen, Søren Østergaard</i> .....	115
Knee joint. Kinesiology of the knee joint .....	297
<i>Korner, Bent</i> : Se <i>Christensen, Jens Jørgen</i> .....	265
<i>Kristensen, Jørn</i> : Se <i>Vejlsted, Hans</i> .....	275
<i>Kristiansen, Jette E.</i> : Se <i>Pers, Charlotte</i> .....	322
<i>Kromann-Andersen, Bjarne, Steen Walter, Henrik Jakobsen &amp; René Vejlsøgaard</i> : Detection of neutrophilocytes and NO <sub>2</sub> -producing bacteria in urine by dipstick BM-test-9 .....	182

## L

<i>Ladefoged, Jørgen</i> : Se <i>Jørgensen, J.-I. Dahlager</i> .50	52
<i>Laursen, Lars Christian</i> : Anti asthmatic effects and pharmacokinetics of Enprofylline - a new xanthine derivate .....	289

<i>Laursen, Søren Østergaard, Knud Erik Pedersen &amp; Niels Anders Klitgaard: Influence of physical activity on plasma digoxin in hospitalized patients</i>	115
<i>Left ventricle. Determinants of regional myocardial oxygen supply in the left ventricle</i>	277
<i>Leukaemia. Rothia dentocariosa septicaemia in a patient with chronic lymphocytic leukaemia and toxic granulocytopenia</i>	322
<i>Lung cancer. Five years experience with treatment of lung cancer</i>	275
<i>Lykkesfeldt, Gert: Human steroid sulphatase deficiency</i>	69
<i>Lymphocytes. Mutagenicity of inhalation anaesthetics studied by the sister chromatid exchange test in lymphocytes of patients and operating room personnel</i>	159

## M

<i>Malignancy. Septicaemia in childhood malignancy</i>	320
<i>Mammalian skeletal muscle. Regulation of the concentration of <sup>3</sup>H-ouabain binding sites in mammalian skeletal muscle</i>	15
<i>Mantoni, Margit: Ultrasound studies of patients with bleeding in early pregnancy</i>	250
<i>Maternal hypertension. Fetal haemodynamics before and after treatment of maternal hypertension in pregnancy</i>	170
<i>Mediastinoscopy. Five years experience with treatment of lung cancer</i>	275
<i>Menstrual cycle. Prostaglandins in the menstrual cycle of women</i>	178
<i>Merser, Søren: Se Hjortrup, Allan</i>	331
<i>Microbiology. Coagulase-negative staphylococci and micrococci in clinical microbiology</i>	96
<i>Micrococci. Coagulase-negative staphylococci and micrococci in clinical microbiology</i>	96
<i>Miskowiak, Jerzy: Comparison of different types of gastroplasty in the treatment of 93 morbid obese patients</i>	118
<i>Morbid obesity. Comparison of different types of gastroplasty in the treatment of 93 morbid obese patients</i>	118
<i>Munck, Ole, Henning Kelbæk &amp; John Godtfredsen: Planar stress thallium-201 scintigraphy. First experiences with a new circumferential programme</i>	260
<i>Mutagenicity of inhalation anaesthetics studied by the sister chromatid exchange test in lymphocytes of patients and operating room personnel</i>	159
<i>Myocardial oxygen supply. Determinants of regional myocardial oxygen supply in the left ventricle</i>	277

## N

<i>Neutrophilocytes. Detection of neutrophilocytes and NO<sub>2</sub>-producing bacteria in urine by dipstick BM-test-9</i>	182
<i>Newborn child. The unborn and the newborn child</i>	173
<i>Nielsen, Strange: Kinesiology of the knee joint</i>	297
<i>NO<sub>2</sub>-producing bacteria. Detection of neutrophilocytes and NO<sub>2</sub>-producing bacteria in urine by dipstick LN-test-9</i>	182

## O

<i>Obesity and cancer. A review of epidemiological studies on the relationship of obesity to cancer of the colon, rectum, prostate, breast, ovaries, and endometrium</i>	267
--	-----

<i>Obesity. Comparison of different types of gastroplasty in the treatment of 93 morbid obese patients</i>	118
<i>Osler, Merete: Obesity and cancer. A review of epidemiological studies on the relationship of obesity to cancer of the colon, rectum, prostate, breast, ovaries, and endometrium</i>	267
<i>Ouabain. Regulation of the concentration of <sup>3</sup>H-ouabain binding sites in mammalian skeletal muscle</i>	15

## P

<i>Pancreatic islet transplantation</i>	323
<i>Pedersen, Knud Erik: Se Laursen, Søren Østergaard</i>	115
<i>Pedersen, Søren: Inhaler use in children with asthma</i>	234
<i>Pericarditis. Uraemic pericarditis, an epidemic disease?</i>	117
<i>Perrild, Bjørn &amp; Henrik Friis: Septicaemia in childhood malignancy</i>	320
<i>Pers, Charlotte, Jette E. Kristiansen, Viggo Jønsson &amp; Niels Ebbe Hansen: Rothia dentocariosa septicaemia in a patient with chronic lymphocytic leukaemia and toxic granulocytopenia</i>	322
<i>Physical activity. Influence of physical activity on plasma digoxin in hospitalized patients</i>	115
<i>Planar stress thallium-201 scintigraphy. First experiences with a new circumferential programme</i>	260
<i>Plasma digoxin. Influence of physical activity on plasma digoxin in hospitalized patients</i>	115
<i>Plasma proteins. Interactions between human plasma proteins and cell wall components of Staphylococcus aureus</i>	59
<i>Polyposis coli. Familial polyposis coli</i>	1
<i>Preferential DNA repair in active genes</i>	309
<i>Pregnancy. Fetal haemodynamics before and after treatment of maternal hypertension in pregnancy</i>	170
<i>Pregnancy. Ultrasound studies of patients with bleeding in early pregnancy</i>	250
<i>Pregnant women 1975-1984. Rubella in pregnant Danish women 1975-1984</i>	46
<i>Prostaglandins in the menstrual cycle of women</i>	178
<i>Psoriasis. Cutaneous and subcutaneous blood flow measurements in psoriasis</i>	147

## R

<i>Radioreceptor assay. The radioreceptor assay for TBII in the spectrum of thyroid stimulating immunoglobulins</i>	83
<i>Rasmussen, Knud: Fetal haemodynamics before and after treatment of maternal hypertension in pregnancy</i>	170
<i>Renal transplant rejection. The sensitivity and specificity of Hippuran renography as a diagnostic investigation of renal transplant rejection</i>	50
<i>Rett syndrome</i>	334
<i>Rothia dentocariosa septicaemia in a patient with chronic lymphocytic leukaemia and toxic granulocytopenia</i>	322
<i>Rubella in pregnant Danish women 1975-1984</i>	46

## S

<i>Sacrum. Transcutaneous oxygen tension measurement over the sacrum on various anti-decubitus mattresses</i>	330
<i>Salmonella infections of the urinary tract</i>	265
<i>Scintigraphy. Planar stress thallium-201 scintigraphy. First experiences with a new circumferential programme</i>	260

Seated workplace. Adjustment of the seated workplace - with special reference to heights and inclinations of seat and table .....	125		
Septicaemia in childhood malignancy .....	320		
Septicaemia. <i>Rothia dentocariosa</i> septicaemia in a patient with chronic lymphocytic leukaemia and toxic granulocytopenia .....	322		
Sister chromatid exchange test. Mutagenicity of inhalation anaesthetics studied by the sister chromatid exchange test in lymphocytes of patients and operating room personnel .....	159		
Staphylococci. Coagulase-negative staphylococci and micrococci in clinical microbiology .....	96		
Staphylococcus aureus. Interactions between human plasma proteins and cell wall components of <i>Staphylococcus aureus</i> .....	59		
Steroid sulphatase deficiency. Human steroid sulphatase deficiency .....	69		
Sulphatase deficiency. Human steroid sulphatase deficiency .....	69		
<b>T</b>			
TBII. The radioreceptor assay for TBII in the spectrum of thyroid stimulating immunoglobulins ..	83		
Thallium-201. Planar stress thallium-201 scintigraphy. First experiences with a new circumferential programme .....	260		
Thyroid size and goitre frequency in hyperthyroidism .....	121		
Thyroid stimulat. immunoglobul. The radioreceptor assay for TBII in the spectrum of thyroid stimulating immunoglobulins .....	83		
Thyssen, Minea Hammerich: <i>Se Dupont, Annalise</i> ..	334		
Torture. Doctors, ethics, and torture .....	185		
Transcutaneous oxygen tension measurement over the sacrum on various anti-decubitus mattresses ...	330		
Transplant rejection. The sensitivity and specificity of Hippuran renography as a diagnostic investigation of renal transplant rejection .....	50		
Transplantation. Pancreatic islet transplantation ...	323		
Transplantation. The influence of ischemia on <sup>131</sup> I-Hippuran renograms performed after kidney transplantation and its prognostic value .....	52		
<b>U</b>			
Ultrasound studies of patients with bleeding in early pregnancy .....	250		
Ultrasound. Thyroid size and goitre frequency in hyperthyroidism .....	121		
Unborn child. The unborn and the newborn child ..	173		
Uraemic pericarditis, an epidemic disease? .....	117		
Urinary tract. Salmonella infections of the urinary tract .....	265		
<b>V</b>			
Veiergang, Dagmar: <i>Se Hegedüs, Laszlo</i> .....	121		
Vejlsgaard, René: <i>Se Kromann-Andersen, Bjarne</i> ..	182		
Vejlsted, Hans, Søren Eigil Clemensen & Jørn Kristensen: Five years experience with treatment of lung cancer .....	275		
Volvulus of the cecum .....	331		
<b>W</b>			
Wagner, Gorm: <i>Se Jensen, Dorte Vendelbo</i> .....	178		
Walter, Steen: <i>Se Kromann-Andersen, Bjarne</i> .....	182		
Weight loss. Comparison of different types of gastroplasty in the treatment of 93 morbid obese patients .....	118		
Workplace. Adjustment of the seated workplace - with special reference to heights and inclinations of seat and table .....	125		
<b>X</b>			
Xanthine derivate. Anti asthmatic effects and pharmacokinetics of Enprofylline - a new xanthine derivate .....	289		
<b>Y</b>			
Yderstræde, Knud Bonnet: Pancreatic islet transplantation .....	323		
SUPPLEMENT NO. 1, DECEMBER 1987			
Hypertension
